

# Abandoned Vehicles

## A vehicle may be deemed abandoned if:

- It is located on public property illegally.
- It is on public property and has not been moved for three (3) days.
- It constitutes a hazard or obstruction to the movement of pedestrian or vehicular traffic
- It is located on private property without the consent of the owner (or person in control of the property) for more than forty-eight (48) hours.
- The engine, transmission or differential has been removed or is otherwise partially dismantled or inoperable and has been left on public property
- It is at least (3) model years old, mechanically inoperable, and left on private property (publicly visible) for more than 20 continuous days.
- It is located on public property without license plate.

## Department Procedures

1. Once an inspector deems a vehicle abandoned, a tag will be placed on the vehicle (establishing a set time period for removal).
2. The inspector will reinspect the vehicle after the time period has passed.
3. If the vehicle is still present and not moved, the car may be towed.
4. To reclaim a vehicle that has been towed, the owner needs to contact the towing contractor. Please call 311 for the towing company's contact information.

# Why It Matters

Routinely driving and parking on grass has many negative impacts. They include:

- contaminated soil from hazardous liquids like: air conditioner refrigerant, gas, and motor oil
- a reduced amount of green space
  - ⇒ kills grass
  - ⇒ creates ruts
  - ⇒ causes mud
- curb and/or sidewalk damage when driven over repeatedly
- possible lowered property values over time
- danger for children and pets
- undesirable aesthetics - no one likes looking at it!
